## KLAN RULE WITH COMMISSION OF THREE MEMBERS

Court Decides on Triumvirate  
Control of Destinies of  
Secret Order

OTHER CHARGE HALTED

Evans Brands Uprising Result  
Of Leadership of Clarke  
And Mrs. Grow

(By the Associated Press)

ATLANTA, April 7.—After a week of legal dickering between supporters of William J. Simmons, emperor and H. W. Evans, imperial wizard, the affairs of the Ku Klux Klan today were placed in the hands of a commission of three men to be administered by them pending further orders from the court.

Superior Judge E. D. Thomas, in announcing his decision today, named Mr. Simmons, Mr. Evans and J. M. George, marshal of the municipal court as the committee to carry on the operations of the Klan. Sheriff James Lowery, who has been custodian under the previous court order for the past four days is released when he received the receipt of the commission for the headquarters of the Klan, its moneys, records and other properties.

Following the action in Judge Thomas' court J. T. McKinnon chief investigator for the Klan and N. N. Furney, cashier of the order, were placed on trial in municipal court before Judge T. O. Hathcock on a charge of larceny after trust. Both were dismissed for lack of sufficient evidence. McKinnon was alleged to have removed checks approximating \$20,000 belonging to the Klan while Furney was charged with removing \$100,000 of the organization's money.

ATLANTA, Georgia, April 7.—Further developments in the Ku Klux Klan section fight today awaited the expected decision of the superior court edict on the injunction sought by W. J. Simmons, emperor, to retire Dr. W. H. Evans, imperial wizard, from interfering with Simmons' control of the Klan.

Another movement was begun when there was brought into municipal court before Judge Hathcock by the Simmons faction a charge of larceny after trust against G. K. McKinnon, Klan investigator, and N. N. Furney, cashier. The defendants are alleged to have removed funds of the Klan in order to keep the Simmons faction from obtaining control of them.

While the opposing counsel closed the argument on the Simmons injunction and the larceny after trust case was filed in municipal court against officials of the Evans administration, a third wing of the organization commonly termed the "insurgent faction" came forward with a petition for receivership of the Knights of the Ku Klux Klan. The petition prayed that the organization was functioning under no duly elected chief executive. It included in the list of defendants members of both the Simmons faction and the Evans faction.

ATLANTA GA., April 7.—Sensational charges that the present legal battle to oust him from control of the knights of the Ku Klux Klan was conceived and is being engineered by Edward Young Clarke, former associate in the Evans and Mrs. Elizabeth Tyler Grow, former associates in the Evans imperial wizard of the organization.

Dr. Evans simultaneously made public a copy of a telegram he said he sent to Tom Akers and imperial officials from Washington last Monday night before he was aware of the court action being taken, instructing Mr. Akers to call a convention of klansmen from every state in the union to be held in Atlanta in the near future for the express purpose of considering the advisability of organizing a women's auxiliary of the Klan.

PERJURY TRIAL OF WRIGHT  
CONTINUED TO MAY 7

(By the Associated Press)

OKLAHOMA CITY, April 7.—The trial of Lucien B. Wright, of Sapulpa, district judge who is charged with perjury in connection with the Elkins murder trial, has been continued until May 7.

The prosecution was to have begun Monday. Wright offered testimony in the Elkins murder trial that was directly opposite that offered by leading state witnesses. Elkins was convicted and sentenced to life imprisonment for the murder of J. H. Ferguson.

Thomas S. Crago.

Thomas S. Crago, Pennsylvania, retiring member of the house of representatives, has been named a special assistant attorney general to handle war fraud cases.

## HARTWELL BRANDS ATTORNEY CLAIM

Declares Failure of Attorney  
To Convict Cause of  
Acquittal

(By the Associated Press)

Marion, Ill., April 7.—Asserting that special assistant attorney general Middlekauff of Illinois was attempting to "lay the blame on somebody for his failure to convict" in the Herrin trial, Circuit Judge Hartwell, who presided at the trial tonight issued a written reply to that given out by Middlekauff today.

Judge Hartwell stated that Mr. Middlekauff "without regard for the truth" took advantage of the "intense feeling" existing outside of Williamson county, adding "I admit his superiority in being able to make use of the newspapers. He tries his cases there better than in the courthouse."

Judge Hartwell declared that no later than yesterday attorney general E. J. Brundage stated that "he thought all my rulings had been fair" in touching on Mr. Middlekauff's criticism of the judge's rulings, particularly in examination of veniement. Mr. Middlekauff issued a statement at Mr. Brundage's request.

MARION, Ill., April 7.—All of the untied criminal indictments growing out of the Herrin riots were nolle prossed today following the acquittal by jury last night of six defendants charged with murder in connection with the outbreak.

The request that the indictments be annulled was made in court this morning by Delos Duty, state attorney of Williamson county.

When court assembled, A. W. Kerr, chief counsel for the Illinois mine workers demanded an immediate trial for the twenty-four men still under indictment on a charge of murder, conspiracy and assault.

"I am not going to try any more cases," Mr. Duty declared. "Right or wrong does not make any difference. I have done my duty and done my best."

"We have done enough, but the attorney general does not feel that these cases should be brought up until the case is reported to the legislature," C. W. Middlekauff, special assistant attorney general, said. "We do not join the motion of annulment."

"But you do not protest?" Judge E. P. Hartwell asked.

"We do not," said Mr. Middlekauff.

## Frisco Trains on Waiting List When Gusher is Loosed

(By the Associated Press)

TULSA, April 7.—Trains on the St. Louis and San Francisco railroad east or west through Bristow are being stopped by a thousand barrel well that is also making eight million feet of gas, which a Tulsa concern completed this morning along the railroad tracks. A high wind spread the oil and gas in a spray across the tracks and danger to the lives of crew and passengers caused Frisco train Number 7 from St. Louis to Oklahoma City and number 10 from Oklahoma City to St. Louis to be halted.

## WALTON HOLDING BLUE PENCIL TO FORCE ECONOMY

Pruning Knife reported in  
Prospect for Many  
Appropriations

DRASTIC CUT TALKED

Governor to Deny Self to  
Visitors Monday and Tues-  
day for Slash

(By the Associated Press)

OKLAHOMA CITY, April 7.—Considerable cutting will be done on the big biennial supply bills when Governor Walton takes them up early next week, it is authoritatively stated tonight.

The governor is determined to make the expenditures of the state for the next two years conform as nearly as possible to the estimated revenues, it is said.

The announcement was made that the governor would deny himself all visitors Monday and Tuesday when he will devote himself to the institutional and departmental appropriation bills. It was indicated that the executive would make heavy use of the blue pencil on certain items in these measures.

Since adjournment of the legislature, Walton has conferred with legislators, state officials, departmental and institutional heads and interested delegations with regard to the appropriations, casting about for some method of reducing expenditures authorized by the legislature. While no definite economy plan has been decided upon it is said that the governor had found several places where he had decided pruning would be in order.

Serious consideration is being given by the executive to the proposal for lopping off appropriations for secondary schools being supported by the state, it was said. This is a point that was stressed in the report of the Oklahoma educational survey and a number of legislators have urged such a course.

The governor is also expected to give serious thought to the curtailment of the four million dollars building program appropriated by the legislature in passing the institutional bill.

A possible deficit of nearly six million dollars for the biennium has been estimated unofficially on the basis of a tabulation of the appropriations voted by the legislature and a computation of the probable revenues of the state.

## SCHOOL AID FOR COUNTY SLASHED

Aid for Maintenance of Weak  
Rural Schools Cut Fifty  
Percent.

Pontotoc county rural schools will receive approximately half of the sum, asked for the maintenance of schools for the remainder of the year, it became known here Saturday.

An official letter from the office of M. A. Nash, state superintendent, listed the appropriation to be allowed to each school in the county with a heavy cut in practically every instance.

The letter informed County Superintendent A. Floyd that warrants would be sent to the county treasurer through the state auditor as soon as possible.

Nash insisted that schools of the county continue to function and funds would be supplied from the state as soon as matters could be arranged in the state auditor's office.

The separate filing of weak rural and independent schools of the county was slashed by half and in many instances over that quota. The original filings approximated \$20,000. The returns showed that approximately \$10,000 would be spared to the Pontotoc county schools.

Vannoss received the largest cut in the county appropriation. A petition for \$7,000 was sent in for the maintenance of schools for the remainder of the year. This amount was cut by \$4,000. Allen appropriation was also cut considerably.

Rice Dearer in Japan.

(By the Associated Press)

TOKYO, March 14.—Despite last year's bumper crop the price of rice in February was yen 30 a koku, having risen yen 5 since the beginning of the year. This compares with an average price of yen 19.18 in 1917 and yen 38.29 in 1919.

## Ada Striving For Peaceful Walk of Life

Ada is falling before the gavel of reform. Police records show this condition to be slowly taking hold in Ada.

Police arrests and fines have dropped off about one third during the past two months and apparently are destined to take another plunge to placidity.

Mayor W. H. Fisher and Police Chief Wick Adair suggest that the scarcity of Pontotoc county home brew as one of the reasons for the straight-and-narrow-path virtue in Ada.

They point out that concentrated raids by city, county and federal officers had a telling effect on the boldness of makers and vendors of booze and since that time, the pungent breath of fermented corn has been extinct on the streets of Ada. Those who wobble through the bars of cells in the City bastille on the general run did not reach physical dilapidation through the consumption of corn but more from other mixtures of unknown origin.

Mellow inmates of the city bastille have been known to be unconscious from practically every substance that bears the label of "kick" from jake to shoe polish. Bitters, wine of cordui, wine of peppins, wood alcohol, ginger and other fluid outside the old reliable vanilla extracts have been known to be in use to bring about the state of coma.

## ROUGH HAND FOR OIL PROMOTERS

Forceful Prosecution in hand  
For Wildcaters in  
Texas Now

(By the Associated Press)

WASHINGTON, April 7.—The postoffice department will move in the "most vigorous and persistent manner possible" against oil stock promoters who are declared by postal inspectors to have robbed the public of more than \$100,000,000 in operations in the state of Texas in the last five years.

This is a warning served on fraudulent oil stock promoters in the state yesterday by Postmaster General New, who declared that the department's intention is to prosecute vigorously all other cases involved in the fraudulent use of the mails.

Investigations of the postal inspectors in the state followed the complaints of hundreds of the estimated half million stockholders who have been bereft of their hard earned money in fraudulent oil stock promoters. Already these have resulted in two hundred cases being placed before the grand jury now sitting at Fort Worth, said a report from the department agents there made public by the postmaster general.

"Wildcat promoters," it said, "have escaped prosecution by the state authorities by operating as common law trusts over which the state has provided no supervision."

## Finance Boosted For May Queen

Two fair co-eds will shake powder puffs for the final honors for May Queen of East Central College, preliminary votes in the contest showed late Saturday night.

Miss Alice Gowing and Miss Grace McKee now afford the East Central students and their admirers a chance for rivalry in the contest that has brought dollars to the Pesagi fund in years past.

Little evidence of competition was shown early Saturday night when only \$2 had been placed on candidates in the race.

At the close of the voting shortly after 9 o'clock returns showed Miss Gowing to have 3,679 votes, Miss McKee 5,837 and Lois Burton with 1,600 votes.

The final result of the voting brought \$110.16 into the Pesagi fund.

## HIGH WINDS PREVENT TRIAL FOR RECORD FLIGHT

(By the Associated Press)

DAYTON, Ohio, April 7.—High winds which made flying difficult today caused Lieutenant Lester J. Matland, McCook field pilot, to record for three kilometers course abandon his attempt to set a speed across the course at the Wilbur Wright field near here. Four trips across the course are necessary under the rules of the Federal Aeronautic Internationale.

## OFFICERS CLAIM SILENCE MOTIVE CAUSE OF DEATH

Believe Mutilators of Hacked  
Bodies of Girls had  
Aim at Silence

AUTO CLUE FAILS

Claimed one Slain Woman had  
Hinted at Murders of  
Her Husband

(By the Associated Press)

NEW YORK, April 7.—Authorities investigating the murder of Mrs. Irene Blandino of Jersey City and that of Miss Bessie McMahon of Utica, New York, whose hacked bodies were found in a road on Staten Island early yesterday expressed the conviction tonight that the crime was the result of a vendetta.

Bayonne police officials identified the body of Miss McMahon tonight as that of Miss Ethel Phillips, 17 years old, who lived with her parents in Bayonne. She disappeared from home two weeks ago, police said.

Detective captain Von Wagner in charge of the investigation said he was spending every effort toward learning the nature of information possessed by Mrs. Blandino regarding the murder of her first husband, who is said to have been the leader of a gang in Jersey City, who died several years ago after and artery in his leg had been severed by a stiletta.

Think Revenge Cause  
According to Von Wagner, Mrs. Blandino had told intimate friends the names of the men whom she suspected of having killed her first husband. This fact became known, the detective said, to those men who decided to silence the woman forever. Miss Phillips, or McMahon, as she was known, was killed for no other purpose than that she was with her friend, Captain Von Wagner said, however, that a careful examination of the body of Mrs. Blandino failed to disclose the usual signs such as members of southern Europe vendetta bands place upon their victims.

Blandino and his assistant are still held on short affidavits charging homicide. Unable to furnish \$25,000 bail each, they were locked in the county jail.

The finding in a Jersey City garage of a sedan automobile on the seat of which were blood stains failed as a clue to the slayers' identity when the owner gave a satisfactory explanation of the stains.

## MAN RELEASED CHARGE OF RAPE

Jury Remains Out Two Hours  
to Report on Charge  
of Rape.

After deliberating about two hours in the case of I. G. Bradley, charged with second degree rape on the complaint filed by Lorene Dees, a minor, the jury found the defendant not guilty at 11 o'clock Saturday morning.

Complaint for bastardy was filed in county court by J. W. Palmer, father of the plaintiff, against Bradley, charging that he was the father of the child born to his unmarried daughter in 1920.

Testimony in the trial showed that the defendant and plaintiff had been on friendly terms for two years, the plaintiff alleging that the defendant took forcible advantage of the friendship on three occasions and as a result of the intimacy a child was born to the plaintiff, who was alleged to have been a minor at the age of 17.

The defense introduced several witnesses in an effort to prove that the plaintiff was not of chaste character before her alleged relations with Bradley.

The state introduced the defendant, Mrs. Lucy Palmer, mother of the plaintiff, John Bradley, uncle of the defendant and C. B. Miller, in their testimony.

The defense introduced Sam Garner, Flint Hammond, Doc McGee, Ray Auten and R. M. Bradley as witnesses for their contention.

## TEXAS MAN HANGED FOR MURDER CRIME

ALPINE, Texas, April 7.—Harvey Hughes, 28, of Detroit, Texas, was hanged here early today for the murder of C. H. Rogers of a prominent pioneer Travis county family on January 24, 1922.

## EMBASSY BRANDS "PRINCE" IMPOSTER

"Prince" don Luis de Bourbon.

The Spanish embassy in Washington has branded as false the claims of Luis de Bourbon, now here with a plan for the world's economic rehabilitation. He claims to be a half-brother to King Alfonso XIII. The prince stands by his claim that his mother was the morganatic wife of King Alfonso XII.

## HOURLY TEST MADE FOR NEW PLANE

Wright Model Engine Takes  
New Record With  
573 Hours

(By the Associated Press)

WASHINGTON, April 7.—Completion of a record hour test of a new airplane engine was announced tonight by the navy department. For 573 hours the machine, known as the "Wright model E-4" ran without stopping with the throttle wide open and data accumulated during the run indicated a saving of 90 per cent in operation of aircraft engines of this type. An indication of the remarkable endurance of the new engine will be given, engineers said, by comparison with types used in the world war when 100 hours was considered a long run.

The engine was built by the Wright Aeronautic Corporation of Patterson, New Jersey. During the test it would have covered the usual cruising speed maintained by the navy a distance of approximately 60,000 miles or two and a half times around the world at the equator in a period of little more than three weeks, according to Rear Admiral William A. Moffett, chief of the bureau of aeronautics. To give a further popular picture of the performance of the machine Admiral Moffett compared its record to that of the average best grade high powered automobile which is said to travel usually around 6500 miles annually.

At the rate theoretically flown by the new engine it could carry the automobile for approximately nine years at 100 miles an hour.

## Three Men Hurt In Shooting at Resort in Osage

(By the Associated Press)

PAWBUKA, April 7.—Three men were wounded in a shooting affray in a resort at Cooper, two and a half miles west of Webb City late today. Clinton Hurst of Blackwell, 35, is expected to die. C. F. Mayo and his son J. A. Mayo were shot and their wounds are not serious.

Three men entered the resort and opened fire on the occupants, who returned the fire, according to a report. Hurst fell, shot through the left lung and stomach, both eyes, left arm and right side. After the battle the gunmen held the crowd at bay and entered a small car, driving off in the direction of Apperson.

The shooting resulted from alleged "snitching" by the proprietor of the resort, it was said. The three gunmen fired about forty shots into the resort early today before it opened for business.

## WORKERS AND CHURCHMEN IN INDUSTRIAL PARLEY

(By the Associated Press)

PAINESVILLE, Ohio, April 7.—Workers representing nearly every industry, employers, state officials, and dignitaries of the Protestant and Roman Catholic churches gathered here today for a two day conference called by the fellowship of Christian social order in an effort to find "in the christian religion and its precepts" a solution of the questions troubling modern industry.

## ROWLETT MURDER CASE CONTINUED WITH HUNG JURY

Jurors Fail to Come to End  
of Deliberation on Fate  
of Rowlett.

JURY OUT 7 HOURS

Case Centers Over Reckless  
Driving Clause in  
Testimony.

The fate of C. E. Rowlett, charged with murder in connection with the death of Miss Gertrude Carlton, alleged to have been resultant of an automobile accident near Bob Ford's swimming pool on November 20, 1920, will rest in the hands of another jury following the reporting of mis-trial at 4:00 o'clock Friday afternoon.

The case was passed for the term and will be brought to trial on another term of district court.

The jury reported once after going into their rooms for deliberation on the case and at that time asked for guidance of the court in certain phrases of terminology in his instructions. The jury was again sent back for deliberation but could come to no decision.

Jury Hopelessly Blocked  
The jury proved hopelessly deadlocked from the first ballot when the vote stood 7-5 on the defendant's guilt. Through the long hours of weighing, the jurors maintained their original stand and reported on the same count when asked for guidance from the bench. At final report, the jury voted the same as on first cast. No deliberation on punishment or other consideration of the case was taken while the jury weighed the case of Rowlett.

The case was given to the jury at 9 o'clock Friday morning and was reported on finally at 4 o'clock that afternoon, when jurors were asked personally from the bench if there could be any decision in the case, each juror maintained that there would be no wavering of the vote.

Rowlett was brought to trial on Wednesday afternoon when the state offered its witnesses to bear out their contention that the defendant was driving a high rate of speed and recklessly when the accident occurred.

Most of the testimony from both sides of the case centered on the question of reckless driving as a cause for the accident which resulted in the death of Gertrude Carlton. Several witnesses testified that the defendant was driving at a rate of 30 or 35 miles an hour just prior to the accident. One party testified that girl members of the party were heard to scream. One fellow riding in the rear seat of the car testified that Rowlett was asked to slow down and be allowed to drive but did not respond to the request.

Several parties testified that there was no whiskey in the party and that Rowlett was not intoxicated at the time of the accident.

Rowlett was not placed on the stand during the trial.

## MICHIGAN ATTEMPTS TO DISBAND BEN'S COLONY

(By the Associated Press)

LANSING, Mich., April 7.—The legislative, judicial, and executive branches of the state government were linked in action against the Israeli House of David colony. The legislature joined the state courts with a bill ready for enactment which would permit the state to ask for receivership for the colony's property, pending the outcome of the proceedings instituted in circuit court here by Attorney General Andrew B. Daugherty. The measure carries the amendments suggested by Governor Grosbeck and the attorney general and will be rushed through the legislature with an immediate effect clause.

Present plans are to seek a receivership and if the charges of fraudulence, deceit, and immorality filed by the state are upheld the colony will be disbanded and the property disposed of.

Sooner Nine Wins 17-1

(By the Associated Press)

NORMAN, April 7.—Falling on three Tiger pitchers with a shower of extra base clouts the University of Oklahoma baseball team today evened the series with the University of Missouri. The score was 17 to 1. Morrison allowed the visitors only four hits.

### Farmers' Column

By  
Dyren Norrell

With the clearing of the weeping skies and a little sunshine things are already looking better and the farmers are doing their best to make up for lost time and get their crops cleaned out and replant those that were destroyed. If the season is favorable, there is yet time to make a bumper crop in most localities. Our correspondents in various parts of the county speak of some farmers planting June corn. That in itself may prove quite an item.

Dr. Scholl of the A. and M. college, who will be here Saturday at 1 o'clock, is an expert on bees, so his talk will likely be highly instructive. I expect to be on hand for I have a lot to learn about bees and want to get some first hand information. I notice that those who know a little about bees usually do well with them and I want to be one of the bunch that knows the game.

I don't mind hoeing weeds in the garden 20 or 30 minutes occasionally, but it is discouraging to have my better half come along and insist that she can't tell where I had been working.

**Oklahoma Crop Notes**  
OKLAHOMA CITY, June 5.—A special questionnaire mailed over the State to the county agricultural agents reveals the fact that the recent rains have not materially affected the condition of the wheat crop, except in a few scattered communities where rust and smut are appearing. Some little injury has been done however when the wheat was in bloom and will in these instances reduce the probable yield. Hail storms have been reported in the north and southwest districts, but were not severe or general enough to cause any great damage. The condition of the crop on May 1 was 83 per cent of normal indicating a probable production of 42,000,000 bushels. The official estimate of the condition of the crop as of June 1 will be released in a report dated June 8th. Harvest is expected to begin in the southern part of the state about June 10th and any inquiries as to labor demand should be addressed to the State Labor Commissioner, Oklahoma City, Oklahoma.

The report further indicates that considerable corn acreage planted on lowlands has been washed out or covered over as to cause much replanting. The condition of the crop is considered good, but is in dire need of cultivation. In nearly every instance the flooded acreage will be replanted to June corn, there being little intention to place this acreage in other crops. Oats seemed to be benefitted by the rains and in many sections a fair crop is expected. Although the reduced acreage caused by the freeze will not point by far to a normal crop, broom corn and kafirs suffered alike with total acreages being wiped out in the flooded areas. Replanting of these crops will go forward however and it is expected that even a larger acreage than the original. In the northwest district broom corn seed is reported as being scarce in many localities, but no fear is being expressed but what seed may be obtained from other sections.

Native meadows were greatly aided and show an excellent condition, while alfalfa and other tame hay were injured more or less by the excessive precipitation. In numerous cases the first cutting of alfalfa was practically ruined and will grade probably No. 3 and No. 4. Continued rains have held up the first cutting in many districts. In the northeast district, our largest prairie hay section, the condition is reported as being good to excellent.

A question on the farmers intentions to replant or place flooded areas to other crops seem to indicate at this writing that a good portion of the cotton acreage will be placed to June corn, kafirs, legume crops, etc. All washed out acreages of corn will probably be all replanted and the same situation will prevail with broom corn and kafirs. A report from Oklahoma county states that possibly five thousand acres of cotton land will be planted to kafirs, sweet potatoes, corn, etc. The abandoned oat acreage has already been replanted to other crops. It is near a certainty that the cotton acreage planted in bottoms and which was washed out or covered up will be planted to other crops. Many farmers in the eastern part of the State have already been forced to replant their cotton crop from two to four times.

The condition of cotton on May 25th was 63 per cent of normal as compared with a ten-year average of 77 per cent on the same date. This is the lowest condition figure since statehood. The next lowest condition figure on May 25 was in 1919, when 65 per cent was reported. Reports indicate that approximately 40 per cent of the crop will have to be replanted but at this late date, with a scant sufficiency of seed and the soil in a soggy condition, replanting is almost out of the question. The west and east districts of the state show the lowest condition figure at this date.

## CITY LEAGUE TO START SCHEDULE

Four Teams Slated for First Appearance at Park Thursday.

In order that the summer baseball fan may have a better shot to loose his winter-stored energy, sponsors of the city Baseball League will open the big game of the season here Thursday afternoon at the City Park with a double-header.

The regular schedule, in which four teams are vying for city championship, has been completed and will be launched here Thursday and follow on Tuesdays and Thursdays of each week until the season is completed July 12.

An admission of 15 and 25 cents will be charged for the opening game, a double-header being offered to appease the appetite of the fans. The admission price will be lowered to 10 and 15 cents for the remainder of the season. The gate receipts will go toward the expense of running the league.

Owing to the fact that there are only four teams in the league, an abundance of material is expected to make appearance at the opening and following games. The city team will be split up and take part in stimulating interest in the league and thus obtaining the necessary practice.

At a recent meeting of those interested in the success of the league, A. O. Green was elected president and Gilbert Polly, secretary, for the year.

A gala event is expected to develop from the Thursday games, the American Legion vs. Midgets and Ice Company vs. College.

Following is the schedule for the season:

June 7	American Legion vs. Midgets
June 12	College vs. Legion
June 14	Midgets vs. Ice Company
June 19	Ice Company vs. Legion
June 21	College vs. Midgets
June 26	College vs. Ice Company
June 28	Legion vs. Midgets
July 3	Ice Company vs. Legion
July 5	College vs. Legion
July 10	Ice Company vs. Midgets
July 12	College vs. Midgets

## OIL SUBSTITUTES MANY IN SWEDEN

Shale Oil and Wood Alcohol In Sufficient Amount to Meet Demand.

(By the Associated Press)  
STOCKHOLM—Sweden can face the menace of world shortage of petroleum with relative calm, in spite of having no domestic supply of that fuel, according to Axel F. Enstrom, a leading Swedish industrial and financial expert, in a recent address before the Association of Swedish Industries.

One of the most important sources of fuel oil which has recently been experimented with here is bituminous shale. It was estimated by the speaker, that the Swedish shale deposits could yield about 500,000,000 tons of shale oil. Production on a small scale is at present being carried on.

A still more practical substitute for petroleum is wood alcohol, said Mr. Enstrom. And Sweden could within a short time produce wood alcohol in quantities corresponding to the present consumption of gasoline. Its manufacture as a by-product of chemical wood pulp is particularly economical. The existing factories have a capacity of about 5,000,000 gallons of wood alcohol a year, and with new building and still more highly developed methods of conservation, he declared, this capacity could be increased to about 17,000,000 gallons a year.

Finally, Sweden, because of her great hydro-electric resources, will in the future permit a very much greater use of electricity stored in batteries. Almost every section of the country is now served by the net of power lines and electricity could be drawn from them for the use of passenger cars, trucks and tractors.

## American Tourists Cause High Prices to Exist in Paris

(By the Associated Press)  
PARIS, June 5.—The favorite topic of conversation in Paris, the high cost of living, displaced from time to time by the changing situation in the Ruhr, never is long neglected. Today it is flourishing. The vanguard of the 1923 crop of American tourists is here, and the retailers of the city are playing the game with the limit removed; any price goes.

But the truth of the situation is hard to determine. There arrived recently from the coast two heavy consignments of sea food, lobsters and cod. The lobsters were seized upon at 15 francs a pound, and the stalls quickly cleared. Nobody wanted the humble cod, at three francs a pound, and several thousand pounds had to be thrown away.

### MAIN STREET

—BY—  
V. L. E.

The old maid says that many a male sits on friendship's limb and saws the limb off with petty treachery.

They met on the crossing at midnight, Ne'er will they meet again—One was a speeding motorist, The other a railroad train.

Babies and grievances grow larger by nursing.

Typographical errors, like the poor, are with us and now we are reminded of a newspaper write-up of a recent wedding: The statement was made that the "roses were pink." In a later edition an apology was offered and was followed by the statement, "What we meant to say was that 'The noses were pink.'"

The alarm clock is all right in its place but should be kept out of competition with the rooster.

Many a man marries a woman simply because he admires her good judgment in selecting a husband.

"There must be something behind this," murmured the burglar as he removed the screen in the wife's room.

An Oklahoma millionaire quit work and bought an automobile—He'll soon be back at work.

Things That Never Happen  
The wife has a quart hid away some where for medical use, but I never look for it.

The man who has too much knowledge, very seldom has any to impart.

Ah! It has come to this! Women are tired of being buffaloed by these soda fountain cowboys.

One prospective school marm, attending the college session here, has the right idea.  
She carries a big six-gun and dares the race of men.

Canadians Like Golf.  
(By the Associated Press)

OTTAWA, June 5.—Golf is rapidly becoming the national game of Canada. A report compiled by the Dominion Bureau of Statistics shows that on May 1, 292 golf clubs were flourishing, representing an outlay in property and equipment of nearly \$10,000,000.

The unusual popularity of the game is illustrated by figures which show that in 1916 there were only 76 golf courses in the Dominion. Last year there were 218, so that the increase since the first of the year has been 74.

It is also interesting to note that 81 of the courses are 18-hole layouts, while 211 are nine-hole links.

Edison invented the phonograph in 1877, and the moving picture 10 years later.

## STOP

## ABSOLUTELY FREE

THE GRAND PRIZE

# EUREKA

VACUUM CLEANER

During Spring Housecleaning

We make this generous offer because we want every woman to learn how much housecleaning drudgery the new Eureka does away with. The new Eureka we loan you is absolutely unequalled in cleaning efficiency and durability.

Phone 70 for Free Loan

and the new cleaner will be delivered to your door without a penny's expense. Treat it as if you owned it. Use it all over the house. Let it save your strength during housecleaning.

This Free Loan Offer Expires June 9

Only a limited number of cleaners are to be loaned. Don't pay a man to beat your rugs. Use the Eureka instead. If you want to own the Eureka after this free loan you can pay

ONLY \$5.00 DOWN

Balance Easy Monthly Payments

If you want to keep the Eureka after five days' free trial simply make the small down payment. Then pay the balance in easy installments. Remember, the five days' trial is absolutely free but you must act at once to get it.

Soda service supreme—Light lunches, hot and cold drinks, candies and cigars. Wozencraft's Drug Store 11-14-11

## PUBLIC INVITED TO ENJOY PARKS

Preparations Made to Handle  
Influx of Tourists of  
Country.

(By the Associated Press)  
WASHINGTON, April 6.—Preparations to handle a million and a half visitors in the national parks this year have been made by the national park service.

Public camp grounds for the motor camper are being extended; hotels and permanent camps are increasing facilities for handling visitors, and the transportation lines are adding much new equipment. In announcing the opening and closing dates for the parks, Secretary Work of the Interior Department sends the following invitation to the American people.

"With a lavish hand nature has moulded throughout our land the most magnificent and awe-inspiring scenery, surpassing in beauty and grandeur that offered by any foreign country. These spots—our national parks—have been set aside by the American government to be maintained untouched by the inroads of civilization so that you and your children may enjoy them.

"Roads have been built through deep-cut canyons, across towering mountain ranges, beside rippling streams filled with fighting trout, and into primal forests. Hotels and camps have been erected to provide comfortable accommodations in the most distant and inaccessible places. Free camp grounds have been provided for those who wish to bring their own equipment and camp out. These unsold bits of Native America are for you. They are the playgrounds and the recreation parks of the people. To visit them and see them is to inspire pride and make more real your love for America. In the name of the Government I invite you to be its guest."

The opening and closing dates of the park seasons are:

Park	Opening	Closing
Crater Lake, Ore.	July 1, Sept. 30	
Gen. Grant, Cal.	May 24, Oct. 10	
Glacier, Mont.	June 15, Sept. 15	
Grand Can. Ariz.	Open all the year	
Hawaii, H. I.	Open all the year	
Hot Springs, Ark.	Open all the year	
Lafayette, Me.	Open all the year	
Lassen Volcanic	June 1, Sept. 15	
Mesa Verde, Col.	May 15, Nov. 1	
Mt. McKinley, Al.	July 1, Sept. 15	
Mr. Rainier, Wash.	June 15, Sept. 15	
Platt, Okla.	Open all the year	
Mocky Mt., Col.	Open all the year	
Sequoia, Cal.	May 24, Oct. 10	
Sully's Hill, N. D.	June 1, Sept. 30	
Wind Cave, S. D.	June 1, Sept. 30	
Yellowstone, Wyo.	June 20, Sept. 20	
Yosemite, Cal.	Open all the year	
Zion, Utah	May 15, Oct. 15	

Planting and restocking of waters in national parks promise one of the biggest fishing years on record according to department officials. The streams and lakes are expected to be teeming with trout and other game fish when the season opens, and parks are thrown open to anglers.

We ought to attempt no more than what is in the compass of our genius, and according to our vein.

## Boy Scout News

That was some party sure enough that the members of troops No. 4 and 5 were given by Mrs. W. F. Brown, 631 East Thirteenth last Saturday night. We have never found out whether it was in honor of Leon's birth day or not. Leon never said for he feared the many loving strokes which his brother Scouts would apply to him and so he was very silent if it was or not. Every scout, however, who was present and there were 20 of them enjoyed every moment of the time and when the ice cream and cake were served acted as though the good old summer time was present. Mrs. Brown invited some guests to this party to entertain the scouts. They were Misses Verda Mount, Leota Brown, Ava Saunders, Nena and Eva Mae Bullock, Maurine Hill, Lady Percy Snaw, Nell Chapman, Jettine Bolton, Mattie McNew, Emily Anderson, Eva and Ella Elliott, La Ruth Cassidy, Marguerite Jenkins, Doris Davis and Mrs. Roy Meek. Twenty scouts were present.

Troops 4 and 5 have regular patrol leaders meetings which are a great help to the scouts. These troops have decided that only those scouts can go on the big summer camping trip who attend at least two scout meetings per month and who pass ten tests between now and the August 1. If they become an Eagle scout they also may go. Roy Meek is sure going a piece of fine work with this troop, and he deserves the support of all the parents of the boys.

Allen scouts have the best scout troop, we have seen for many a day. This troop gave a wonderful demonstration of scouting before a big audience last Tuesday night. They also put on a fine picture show entitled "The Call" which was well received. About 53 merit badges were awarded to Scouts: Clovis Reid, Chester Smith, Austin Kidwell, Forney Hutchinson, Dennis Kidwell. Wednesday morning the scout executive went with Mr. John Pegg and we raised enough money to put the finances in better shape. Mr. Jesse Sipes, scoutmaster and Mr. L. M. Morris are doing a great deal more for these boys than a great many parents of the Allen boys realize.

Francis scouts are on the upward trend again. They have been having some fine meetings lately. Rev. J. H. Schlapbach, the scoutmaster and the scout executive succeeded in raising money from several men in Francis to put over a scholarship prize, a physical examination contest, and a Life of Christ contest. The Korner cash grocery gave all the money to take care of the prizes for the physical examination contest. The Francis National bank through Mr. G. R. Rose, gave enough to take care of the prizes the Life of Christ examination contest, and Messrs. Payne, Baker, Asce and Powell of the Frisco Grocery took care of the scholarship prizes. We are very grateful to these men for what they have done. Dr. Richey of Francis gave the scouts a fine talk on first aid. Many men were present at this meeting.

When Rookie John Paul McKinley hurled that piece of banana peel at Alvin Greer there was a rough house sure enough for a few minutes at the Boy Scout Lodge Friday night. Jack Conn was sleeping sound too until a piece of bread from the right hand of Fenton Herron came his way. "Who has my cocoa" was the slogan of Geo. Kitchell and Stanley Dean. Troops 7 and 9 boys had a great time at the Lodge and the new cots furnished by the Shriners afforded us all a fine rest after all the fun had quieted down for a while. Troops 3, 10 and 1 had their regular meetings.

All scouts be on the watch for something extra next week.

## BRITISH EXPORTS ON RISE; IMPORTS DROP

(By the Associated Press)  
LONDON.—Complete British trade returns for 1922 show substantial improvement in export trade but a decrease in imports. Exports were valued at 17,000,000 pounds sterling more than in 1921, while imports were 81,500,000 pounds less.

During the month of December exports of coal were high, amounting to nearly 6,000,000 tons. Shipments to the United States were 178,845 tons as compared with 300,527 tons in November. It is stated that representatives of American coal firms are now in Great Britain arranging for fairly heavy shipments of coal during the next few months.

A further decline occurred in the cost of living in December. On January 1, the index figure was approximately 78 percent over the pre-war standard, as against 80 percent on December 1. There was a fall of 1 point during the entire year.

Great Britain had 933,308 licensed motor vehicles at the end of 1922, including 293,740 private cars. Motor cars contributed 5,000,000 pounds to road taxation.

It is estimated that between 50,000 and 60,000 cars excluding commercial motor vehicles, were sold in Great Britain during 1922. About 35,000 of this number were made in England.

Unemployment returns show another increase. On January 22, 1,438,800 persons were registered as wholly unemployed, as against 1,359,100 on December 18. The January figure is less by 384,930 than a year ago.

## KLAN RULE WITH COMMISSION OF THREE MEMBERS

**Court Decides on Triumvirate Control of Destinies of Secret Order**  
**OTHER CHARGE HALTED**  
**Evans Brands Uprising Result Of Leadership of Clarke And Mrs. Grow**

(By the Associated Press)  
ATLANTA, April 7.—After a week of legal dickering between supporters of William J. Simmons, emperor and H. W. Evans, imperial wizard, the affairs of the Ku Klux Klan today were placed in the hands of a commission of three men to be administered by them pending further orders from the court.  
Superior Judge E. D. Thomas, in announcing his decision today, named Mr. Simmons, Mr. Evans and J. M. George, marshal of the municipal court as the committee to carry on the operations of the Klan. Sheriff James Lowery, who has been custodian under the previous court order for the past four days is released when he received the receipt of the commission for the headquarters of the Klan, its moneys, records and other properties.  
Following the action in Judge Thomas' court J. T. McKinnon, chief investigator for the Klan and N. N. Furney, cashier of the order, were placed on trial in municipal court before Judge T. O. Hathcock on a charge of larceny after trust. Both were dismissed for lack of sufficient evidence. McKinnon was alleged to have removed checks amounting to \$20,000 belonging to the Klan while Furney was charged with removing \$100,000 of the organization's money.

ATLANTA, Georgia, April 7.—Further developments in the Ku Klux Klan section fight today awaited the expected decision of the superior court edict on the injunction sought by J. T. Simmons, emperor, to retire Dr. W. H. Evans, imperial wizard, from interfering with Simmons' control of the Klan.  
Another movement was begun when there was brought into municipal court before Judge Hathcock by the Simmons faction a charge of larceny after trust against G. K. McKinnon, Klan investigator, and N. N. Furney, cashier. The defendants are alleged to have removed funds of the Klan in order to keep the Simmons faction from obtaining control of them.  
While the opposing counsel closed the argument on the Simmons injunction and the larceny after trust case was filed in municipal court against officials of the Evans administration, a third wing of the organization commonly termed the "insurgent faction" came forward with a petition for receivership of the Knights of the Ku Klux Klan. The petition prayed that the organization was functioning under no duly elected chief executive. It included in the list of defendants members of both the Simmons faction and the Evans faction.

ATLANTA GA., April 7.—Sensational charges that the present legal battle to oust him from control of the knights of the Ku Klux Klan was conceived and is being engineered by Edward Young Clarke and Mrs. Elizabeth Tyler Grow, former associates in the property of the Klan, were made here tonight by Dr. H. W. Evans, imperial wizard of the organization.  
Dr. Evans simultaneously made public a copy of a telegram he said he sent to Tom Akers and imperial officials from Washington last Monday night before he was aware of the court action being taken, instructing Mr. Akers to call a convention of klansmen from every state in the union to be held in Atlanta in the near future for the express purpose of considering the advisability of organizing a women's auxiliary of the Klan.

## PERJURY TRIAL OF WRIGHT CONTINUED TO MAY 7

(By the Associated Press)  
OKLAHOMA CITY, April 7.—The trial of Lucien B. Wright, of Sapulpa, district judge who is charged with perjury in connection with the Elkins murder trial, has been continued until May 7.  
The prosecution was to have begun Monday. Wright offered testimony in the Elkins murder trial that was directly opposite that offered by leading state witnesses. Elkins was convicted and sentenced to life imprisonment for the murder of J. H. Ferguson.

## EX-CONGRESSMAN AIDS PROSECUTION OF WAR FRAUDS

Thomas S. Crago, Pennsylvania, retiring member of the house of representatives, has been named a special assistant attorney general to handle war fraud cases.

## HARTWELL BRANDS ATTORNEY CLAIM

**Declares Failure of Attorney To Convict Cause of Acquittal**

(By the Associated Press)  
MARION, Ill., April 7.—Asserting that special assistant attorney general Middlekauff of Illinois was attempting to "lay the blame on somebody for his failure to convict" Judge Hartwell, who presided at the trial tonight issued a written reply to that given out by Middlekauff today.  
Judge Hartwell stated that Mr. Middlekauff "without regard for the truth" took advantage of the "intense feeling" existing outside of Williamson county, adding "admit his superiority in being able to make use of the newspapers. He tries his eyes there better than in the courtroom."  
Judge Hartwell declared that not later than yesterday attorney general E. J. Brundage stated that "he thought all my rulings had been fair" in touching on Mr. Middlekauff's criticism of the judge's rulings, particularly in examination of ventriloquist Mr. Middlekauff issued a statement at Mr. Brundage's request.

MARION, Ill., April 7.—All of the untold criminal indictments growing out of the Herrin riots were nolle prossed today following the acquittal by jury last night of six defendants charged with murder in connection with the outbreak.  
The request that the indictments be annulled was made in court this morning by Delos Duty, state attorney of Williamson county.  
When court assembled, A. W. Kerr, chief counsel for the Illinois mine-workers demanded an immediate trial for the twenty-four men still under indictment on a charge of murder, conspiracy and assault.  
"I am not going to try any more cases," Mr. Duty declared. "Right or wrong does not make any difference. I have done my duty and done my best."  
"We have done enough, but the attorney general does not feel that these cases should be brought up until the case is reported to the legislature," C. W. Middlekauff, special assistant attorney general, said. "We do not join the motion of annulment."  
"But you do not protest?" Judge E. J. Brundage asked.  
"We do not," said Mr. Middlekauff.

## Frisco Trains on Waiting List When Gusher is Loosed

(By the Associated Press)  
TULSA, April 7.—Trains on the St. Louis and San Francisco railroad east or west through Bristow are being stopped by a thousand barrel well that is also making eight million feet of gas, which a Tulsa concern completed this morning along the railroad tracks. A high wind spread the oil and gas in a spray across the tracks and danger to the lives of crew and passengers caused Frisco train Number 7 from St. Louis to Oklahoma City and number 10 from Oklahoma City to St. Louis to be halted.

## WALTON HOLDING BLUE PENCIL TO FORCE ECONOMY

**Pruning Knife reported in Prospect for Many Appropriations**  
**DRASTIC CUT TALKED**  
**Governor to Deny Self to Visitors Monday and Tuesday for Slash**

(By the Associated Press)  
OKLAHOMA CITY, April 7.—Considerable cutting will be done on the big biennial supply bills when Governor Walton takes them up early next week, it is authoritatively stated tonight.  
The governor is determined to make the expenditures of the state for the next two years conform as nearly as possible to the estimated revenues, it is said.  
The announcement was made that the governor would deny himself all visitors Monday and Tuesday when he will devote himself to the institutional and departmental appropriation bills. It was indicated that the executive would make heavy use of the blue pencil on certain items in these measures.  
Since adjournment of the legislature, Walton has conferred with legislators, state officials, departmental and institutional heads and interested delegations, casting about for some method of reducing expenditures authorized by the legislature. While no definite economy plan has been decided upon it is said that the governor had found several places where he had decided pruning would be in order. Serious consideration is being given by the executive to the proposal for lopping off appropriations for secondary schools being supported by the state, it was said. This is a point that was stressed in the report of the Oklahoma educational survey and a number of legislators have urged such a course.  
The governor is also expected to give serious thought to the curtailment of the four million dollars building program appropriated by the legislature in passing the institutional bill.  
A possible deficit of nearly six million dollars for the biennium has been estimated unofficially on the basis of a tabulation of the appropriations voted by the legislature and a computation of probable revenues of the state.

## ROUGH HAND FOR OIL PROMOTERS

**Forceful Prosecution in hand For Wildcaters in Texas Now**

(By the Associated Press)  
WASHINGTON, April 7.—The postoffice department will move in the "most vigorous and persistent manner possible" against oil stock promoters who are declared by postal inspectors to have robbed the public of more than \$100,000,000 in operations in the state of Texas in the last five years.  
This is a warning served on fraudulent oil stock promoters in the state yesterday by Postmaster General New, who declared that the department's intention is to prosecute vigorously all other cases involved in the fraudulent use of the mails.  
Investigations of the postal inspectors in the state followed the complaints of hundreds of the estimated half million stockholders who have been bereft of their hard earned money in fraudulent oil stock promoters. Already these have resulted in two hundred cases being placed before the grand jury now sitting at Fort Worth, said a report from the department agents there made public by the postmaster general.  
"Wildcat promoters," it said, have escaped prosecution by the state authorities by operating as common law trusts over which the state has provided no supervision.

## SCHOOL AID FOR COUNTY SLASHED

**Aid for Maintenance of Weak Rural Schools Cut Fifty Percent.**

Pontotoc county rural schools will receive approximately half of the sum, asked for the maintenance of schools for the remainder of the year, it became known here Saturday.  
An official letter from the office of M. A. Nash, state superintendent, listed the appropriation to be allowed to each school in the county with a heavy cut in practically every instance.  
The letter informed County Superintendent A. Floyd that warrants would be sent to the county treasurer through the state auditor as soon as possible.  
Nash insisted that schools of the county continue to function and funds would be supplied from the state as soon as matters could be arranged in the state auditor's office.  
The separate filing of weak rural and independent schools of the county was slashed by half and in many instances over that quota. The original filings approximated \$200,000. The returns showed that approximately \$10,000 would be apportioned to the Pontotoc county schools.

## Finance Boosted For May Queen

Two fair co-eds will shake powder puffs for the final honors for May Queen of East Central College, preliminary votes in the contest showed late Saturday night.  
Miss Alice Gowing and Miss Grace McKee now afford the East Central students and their admirers a chance for rivalry in the contest that has brought dollars to the Pesagi fund in years past.  
Little evidence of competition was shown early Saturday night when only \$2 had been placed on candidates in the race.  
At the close of the voting shortly after 9 o'clock returns showed Miss Gowing to have 3,679 votes, Miss McKee 5,837 and Lois Burton with 1,500 votes.  
The final result of the voting brought \$110.16 into the Pesagi fund.

## HIGH WINDS PREVENT TRIAL FOR RECORD FLIGHT

(By the Associated Press)  
DAYTON, Ohio, April 7.—High winds which made flying difficult today caused Lieutenant Lester J. Maitland, McCook field pilot, to record for three kilometers course abandon his attempt to set a speed after he had made two trips across the course at the Wilbur Wright field near here. Four trips across the course are necessary under the rules of the Federal Aeronautic Internationale.

## Ada Striving For Peaceful Walk of Life

Ada is falling before the gavel of reform.  
Police records show this condition to be slowly taking hold in Ada.  
Police arrests and fines have dropped off about one third during the past two months and apparently are destined to take another plunge to placidity.  
Mayor W. H. Fisher and Police Chief Wick Adair suggest that the scarcity of Pontotoc county home brew as one of the reasons for the straight-and-narrow-path virtue in Ada.  
They point out that concentrated raids by city, county and federal officers had a telling effect on the boldness of makers and vendors of booze and since that time, the pungent breath of fermented corn has been extinct on the streets of Ada.  
Those who wobble through the bars of corks in the city bastille on the general run did not reach physical disintegration through the consumption of corn but more from other mixtures of unknown origin.  
Mellow inmates of the city bastille have been known to be unconscious from practically every substance that bears the label of "kick" from fake to shoe polish, Bitters, wine of cord, wine of pepsin, wood alcohol, ginger and other fluid outside the old reliable vanilla extracts have been known to be in use to bring about the state of coma.

## OFFICERS CLAIM SILENCE MOTIVE CAUSE OF DEATH

**Believe Mutilators of Hacked Bodies of Girls had Aim at Silence**  
**AUTO CLUE FAILS**  
**Claimed one Slain Woman had Hinted at Murders of Her Husband**

(By the Associated Press)  
NEW YORK, April 7.—Authorities investigating the murder of Mrs. Irene Blandino of Jersey City and that of Miss Bessie McMahon of Utica, New York, whose hacked bodies were found in a road on Staten Island early yesterday expressed the conviction tonight that the crime was the result of a vendetta.  
Bayonne police officials identified the body of Miss McMahon tonight as that of Miss Ethel Phillips, 17 years old, who lived with her parents in Bayonne. She disappeared from home two weeks ago, police said.  
Detective captain Von Wagner in charge of the investigation said he was spending every effort toward learning the nature of information possessed by Mrs. Blandino regarding the murder of her first husband, who is said to have been the leader of a gang in Jersey City, who died several years ago after and artery in his leg had been severed by a stilette.  
Think Revenge Cause  
According to Von Wagner, Mrs. Blandino had told intimate friends the names of the men whom she suspected of having killed her first husband. This fact became known, the detective said, to those men who decided to silence the woman forever. Miss Phillips, or McMahon, as she was known, was killed for no other purpose than that she was with her friend, Captain Von Wagner said, however, that a careful examination of the body of Mrs. Blandino failed to disclose the usual signs such as members of southern Europe vendetta bands place upon their victims.  
Blandino and his assistant are still held on short affidavits charging homicide. Unable to furnish \$25,000 bail each, they were locked in the county jail.  
The finding in a Jersey City garage of a sedan automobile on the seat of which were blood stains failed as a clue to the slayers' identity when the owner gave a satisfactory explanation of the stains.

## MAN RELEASED CHARGE OF RAPE

**Jury Remains Out Two Hours to Report on Charge of Rape.**

After deliberating about two hours in the case of I. G. Bradley, charged with second degree rape on the complaint filed by Lorene Dees, a minor, the jury found the defendant not guilty at 11 o'clock Saturday morning.

## Finance Boosted For May Queen

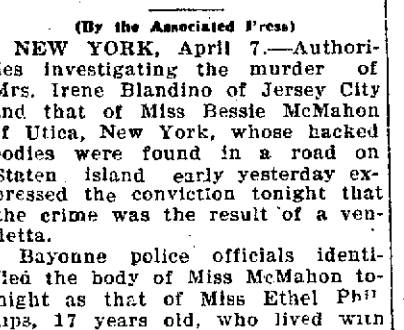

Two fair co-eds will shake powder puffs for the final honors for May Queen of East Central College, preliminary votes in the contest showed late Saturday night.  
Miss Alice Gowing and Miss Grace McKee now afford the East Central students and their admirers a chance for rivalry in the contest that has brought dollars to the Pesagi fund in years past.

## EMBASSY BRANDS "PRINCE" IMPOSTER

The Spanish embassy in Washington has branded as false the claims of Luis de Bourbon, now here with a plan for the world's economic rehabilitation. He claims to be a half-brother to King Alfonso XIII. The prince stands by his claim that his mother was the morganatic wife of King Alfonso XII.

"Prince" don Luis de Bourbon.

## HOUR TEST MADE FOR NEW PLANE

**Wright Model Engine Takes New Record With 573 Hours**

(By the Associated Press)  
WASHINGTON, April 7.—Completion of a record hour test of a new airplane engine was announced tonight by the navy department.  
For 573 hours the machine, known as the "Wright model E-4," ran without stopping with the throttle wide open and data accumulated during the run indicated "a saving of 90 per cent in operation of aircraft engines of this type." An indication of the remarkable endurance of the new engine will be given, engineers said, by comparison with types used in the world war when 100 hours was considered a long run.  
The engine was built by the Wright Aeronautic Corporation of Patterson, New Jersey. During the test it would have covered at the usual cruising speed maintained by the navy a distance of approximately 60,000 miles or two and a half times around the world at the equator in a period of little more than three weeks, according to Rear Admiral William A. Moffett, chief of the bureau of aeronautics.  
To give a further popular picture of the performance of the machine Admiral Moffett compared its record to that of the average best grade high powered automobile which is said to travel usually around 6500 miles annually.  
At the rate theoretically flown by the new engine it could carry the automobile for approximately nine years at 100 miles an hour.

## Three Men Hurt In Shooting at Resort in Osage

(By the Associated Press)  
PAWBUKA, April 7.—Three men were wounded in a shooting affray in a resort at Cooper, two and a half miles west of Webb City late today. Clinton Hurst of Blackwell, 35, is expected to die. C. F. Mayo and his son J. A. Mayo were shot and their wounds are not serious.

## WORKERS AND CHURCHMEN IN INDUSTRIAL PARLEY

(By the Associated Press)  
PAINESVILLE, Ohio, April 7.—Workers representing nearly every industry, employers, state officials, and dignitaries of the Protestant and Roman Catholic churches gathered here today for a two day conference called by the fellowship of Christian social order in an effort to find "in the christian religion and its precepts" a solution of the questions troubling modern industry.

## TEXAS MAN HANGED FOR MURDER CRIME

ALPINE, Texas, April 7.—Harvey Hughes, 28, of Detroit, Texas, was hanged here early today for the murder of C. H. Rogers of a prominent pioneer Travis county family on January 24, 1922.

## ROWLETT MURDER CASE CONTINUED WITH HUNG JURY

**Jurors Fail to Come to End of Deliberation on Fate of Rowlett.**  
**JURY OUT 7 HOURS**  
**Case Centers Over Reckless Driving Clause in Testimony.**

The fate of C. E. Rowlett, charged with murder in connection with the death of Miss Gertrude Carlton, alleged to have been resultant of an automobile accident near Bob Ford's swimming pool on November 20, 1920, will rest in the hands of another jury following the reporting of a mistrial at 4:00 o'clock Friday afternoon.

## PROGRAM ANNOUNCED FOR COMMUNITY CHORAL CLUB

The following program will be given by the Community Choral Club and the Konecny Music Company Thursday night at the McSwain theatre under the auspices of the Community Choral Club. An afternoon performance will be given for the school children only. It will be an illustrated lecture recital of musical numbers for the violin, voice and piano consisting of numbers that are being given over the United States in the schools in the music memory contests. The faculty members may attend in company with the student body.

The choruses in the night program will have twenty voices of the singers of Ada and the surrounding community, directed by Edgar M. Cooke of Oklahoma City.

**Program**  
Bruno Huhn  
Community Chorus  
Violin and Piano:  
Sonata—Cesar Franck  
Recitativo—Fantasia  
Allegretto Poco mosso  
Soprano:  
(a) Bird Raptures—Edwin Schneider  
(b) A Spirit Flower—Campbell-Tipton  
(c) At the Well—Richard Hageman

Piano:  
Rhapsodie Hongroise No. 2 Liszt  
(Second Hungarian Rhapsody)  
"Land-Sighting"—Grieg  
Community Choral Club  
Oscar Parker (Baritone) Soloist.

Violin:  
Concerto in D Minor—Vieuxtemps  
Andante  
Adagio Religioso  
Finale Marziale  
Soprano:  
Cavatina—Una Voce Poco Fa—Rosini  
(From "The Barber of Seville")

Violin:  
(a) Caprice No. 6—The Phantom—Paganini  
(For Violin alone)  
(b) The Zephyr—Hubay

"Bridal Chorus"—Cowen  
From "The Rose Maiden"  
Community Choral Club  
Soprano:  
(a) La Belle au bois dormant  
(The Sleeping Beauty)  
(b) Lullaby—DeWitt Durgin Lash  
(c) Chanson Provencale—Dell'Acqua

Violin:  
Spanish Dance No. 8—Sarasate  
Circle No. 1 of the Presbyterian church will meet Monday afternoon at 2 o'clock with Mrs. S. Jackson East Main Street.

**TUESDAY BRIDGE WITH MRS. C. RODARMEL**  
Mrs. C. Rodarmel, 811 South Broadway, was hostess to the Tuesday bridge club, when strawberry short cake and coffee were served as refreshments to the following members and guests of the club: Mesdames Eber, Sledge, Blake, Simpson, Haney, Busby, Lewis and Taylor. Mrs. Blake made high score.

**THURSDAY BRIDGE WITH MRS. M. F. MANVILLE**  
Mrs. M. F. Manville was hostess to the Thursday Bridge in her home, 118 West Sixteenth street, when four tables played. Mrs. Bayless made high score. Refreshments of salad and ice courses were served to Mesdames T. B. Blake, I. C. Cummings, Tom D. McKee, O. M. King, J. C. Sparks, M. C. Taylor and L. P. Sandbach.

**AN ANNOUNCEMENT PARTY GIVEN.**  
One of the prettiest of the early spring social events was that given by Mrs. C. L. Griffith and Miss Stella Watson Saturday afternoon, at the home of the latter, 831 East Tenth street, announcing the engagement and approaching marriage of Mrs. Griffith's sister, Miss Neil Robin Hodge to Mr. Charles Howell Daffner of Denver, Colorado.

The color scheme of pink and white was carried out in decorations and in refreshments. Large baskets tied with pink tulle and filled with pink and white sweet peas and fern, were used to decorate the house.

After enjoying a social hour with the very appropriate game of "hearts", the guests were served with dainty refreshments.

The secret was discovered written on a ribbon tied scroll artfully concealed between two hearts nestling before a miniature Dan Cupid on the mint basket. After each guest had read the message of the scroll, Little Miss Virginia Leó Griffith, dressed in a pink satin suit representing Cupid placed before Miss Hodge a satin covered tray upon which a bride and groom stood before an altar. The wedding will take place May 23.

Those present were Mesdames Linscheid, E. C. Wilson, R. E. Griffith, A. B. Mears, Ruth Carter, Ina Mackin, King Waggoner, Ed McKinney, McClain, Murrell Matthews, Byron Norrell, Hawkinson, Jim Evans, Robt. Kerr, Sandbach, Hugh Mathis, Joe Emanuel, Misses Luyda, Knight, Francisco, Anna Weaver Jones, Montgomery, Watt,

Nicholson, Levin, Lucile Griffith, Craig, Bolton, Grace McKee, Edna Driskell and Thelma Roberts.

## MUSIC CLUBS OF STATE FOSTER NEW MOVEMENT

The federated Music Clubs of Oklahoma are fostering a movement which will become a most potential force in arousing new interest in choral singing over the state. This idea of concerted endeavor is not new, but this is the first time it has actually been put into operation in Oklahoma. In the way, Edward D. Nart, director of the College of Fine Arts of Oklahoma Baptist University is in charge.

Invitations were sent out to all federated clubs, and to others which would federate later, to join in studying a chosen work with the purpose of presenting it in their own towns at convenient times. Furthermore, it is the desire of the federation to assemble as many of these singers from the home concerts as possible for a grand presentation at the state convention at Shawnee in mid April. Henry Hadley's "The Fairy Thorn" was selected not alone for its charm but for the time requirements for presentation. It will take only about thirty minutes for performance and is not difficult in working out. The entire work may be learned in a few careful rehearsals.

It is not too much to indulge in a vision of the time in Oklahoma when almost every town will have a singing society, which not only will afford pleasure to its membership and citizens of the town but will become the center around which a number of related musical activities may revolve.

## SOROSIS CLUB MEETS WITH MRS. SANDBACH

Sorosis met at the home of Mrs. L. P. Sandbach on Thursday, March 29, to study the first act of "The Merry Wives of Windsor." Responses were of foods mentioned in the play with a model menu planned by same read by Mrs. Sandbach. There was much merriment over some portraits of the club women of Ada made in 1907 with jaunty sailor hats, ha ha.

The lesson for April 10, Act 1, scenes 2-3 and 4. Responses: current events pertaining to women. Business session. The meeting will be with Mrs. Byron Norrell.

**Quiz.**  
1. Who proposes the match between Slender and Anne Page? What was the main reason for Shallow desiring his cousin to marry Anne?  
2. Does Shakespeare show great skill in making the dull Slender interesting to us?  
3. Why was Falstaff displeased with his three servants? Who did he keep?  
4. To what English class do the characters in this play belong?  
5. Which of Anne's four lovers does she prefer?

Mrs. L. P. Sandbach, Sec.  
Mrs. C. O. Barton, Pres.

## Washington School

The Parent-Teachers association of Washington school met Friday afternoon at 2:30.

This was an important meeting as new officers were elected for the coming year. Mrs. Bell was made president, Mrs. J. T. Enry, vice president and Mrs. B. E. Hennigan, secretary and treasurer.

The new president will be a delegate to the P. T. A. convention at Tulsa on the 20th.

The message from the president and the talk given by Mrs. Harry Miller were both very interesting. Mr. Hickman was also present and made a splendid talk.

After the election of officers, sandwiches and coffee were served to the members.

## Konecny Coming

Josef Konecny

Bohemian violin virtuoso, member American Legion, appearing appearing with the community choral club Thursday night at the McSwain.

## CHICAGO STABLES GET TREATMENT DUE KINGS

(By the Associated Press)

CHICAGO, April 2.—The seductive, soothing murmur of the vacuum cleaner which draws the dust and dandruff from the heads of fair women in beauty parlors is low heard in the stables where the best of Chicago's horses are kept. The golden sheen on Midway's hair as she walks down the boulevard Michigan is no more pronounced than the glossy tint on the coats of Chicago's police horses.

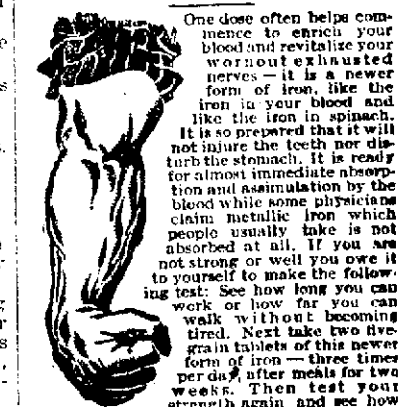

Dr. Frank T. McMahon a veterinarian of this city, has installed such a machine in the stables where the police horses are kept and also in four other large stables in the city.

Dr. McMahon says he got the idea from nothing the cleaning of a woman's hair in the beauty parlor. He hurried to a company engaged in selling vacuum cleaners and bought one of the kind used for cleaning halls and rooms in hotels. On the end of the hose he attached a curry comb device and put this equipment into use on the Chicago police horses. Such satisfactory results were obtained that it was installed in other stables. He says that with this equipment one can clean 75 horses a day more thoroughly and more satisfactorily than is possible in any other way.

## Remarkable Discovery—Newer Form of Iron

There Is Strength In Every Tablet

One dose often helps commence to enrich your blood and revitalize your worn-out exhausted nerves—it is a newer form of iron, like the iron in your blood and like the iron in spinach. It is so ordered that it will not injure the teeth nor disturb the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim metallic iron which people usually take is not absorbed at all. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of this newer form of iron—three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

NOTE—The manufacturers of this newer form of iron known as Nuxated Iron are so sure of its value since its introduction it has reached the stupendous sale of over 4,000,000 packages annually, and it has been used and highly recommended by former U.S. Senators, Members of Congress, Judges of U.S. Courts and many physicians. We are able to guarantee that if you do not obtain even greater results than you expect from Nuxated Iron the manufacturers will promptly refund your money.

## COLLEGE NETMEN IN TOURNEY HERE

Final Round in Tennis Meet at College Has Many Thrills.

The school tennis tournaments in progress at the college has progressed almost to the final round. Thirty-two boys and men were entered for the preliminary round of the matches. These included both those who have had experience and those who are learning to play.

The tournament is to form a basis for the selection of a squad of about twelve men from which the actual team will be chosen.

The progress of the first round was as follows: Hart lost to T. Naylor, default; Faust lost to Greenburg by default; Haskell Floyd to Northcutt, 6-2; 6-0; Hatcher to Stiles, default; Lane to Lowe, 6-0; 6-0; McMannus to Molloy, default; Herman Floyd to Hendon, 7-5; 6-3; G. Naylor to McCuskey, 6-0; 6-0; Hughes to McKee, default; Featherston to Pitts, 6-0; 6-0; Watson to Pentem, 6-2; 6-3; Carroll to Stram, default; Moore to Harrison, 5-7; 6-3; 6-4; Roberts to Snow, default; Young to Shukist, 6-0; 6-0; Norris to Martin, 6-4; 6-4.

More opposition was offered to the winners in the second round which resulted as follows: Greenburg lost to Naylor by default; Sales to Northcutt, 2-6; 7-5; 6-4; Molloy to Lowe, 9-7; 6-2; Pitts to McKee, 6-0; 6-0; Strohm to Pentem in the most hotly contested match of the tournament, 9-11; 5-7; 6-2; Snow to Harrison, 6-3; 5-6; 1; Martin to Shukist, 6-0; 6-0.

Only two matches of the third round have been played. Northcutt lost to T. Naylor, 6-2; 6-3. The winner of the Lowe-Hendon match will play Naylor for a place in the finals. Harrison lost to Shukist, 6-0; 6-4. The winner of the Pentem-McKeown match will play

## Wealthy Tulsan is Given Sentence for Murder of Wife

(By the Associated Press)

TULSA, April 7.—Fred Godfrey wealthy apartment owner, was found guilty by the district court jury here tonight of murder in connection with the killing of his wife here last September. The penalty was fixed at death in the electric chair.

Godfrey is the first to receive a death penalty in the state since Governor Walton announced that no executions would be permitted in the state during his tenure in office.

Godfrey is the first white man ever to receive a death penalty in this county.

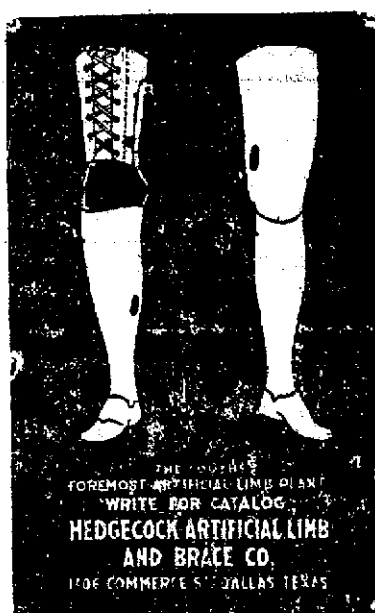

Sketches for the place in the final contest.

## Klan Auxiliary in Dallas Holds Its First Parade

DALLAS, April 7.—Downtown streets of Dallas were jammed and traffic at a standstill and police reserves stationed at fifty foot intervals while near the county criminal court building members of the "American Women," reported as being auxiliaries of the Ku Klux Klan in Texas, assembled for a parade, the first to be planned by the women's order since its organization about a year ago.

The parade was led by horsewomen, three abreast, carrying the American flag, the Lone Star flag of the Texas republic, and the American women's flag, followed by a 75-piece band playing "Onward Christian Soldiers." It was reported that the organization is not in any way connected with the Kamella or Klan auxiliary being formed by Emperor Simmons of Atlanta.

## MUCH INTEREST IN TRACK MEET

Larger Schools of County to Be Represented in County Meet.

Friday and Saturday, April 13-14, Ada will be the scene of the annual county track and field meet, which yearly brings numbers of the aspiring boys and girls from all parts of the county to the county seat to participate in the track, field, music and literary events, each hoping to carry home a medal or medals for their proficiency in some line of work.

Season tickets will be offered for the entire program including Friday and Saturday. The committee in charge of the meet consists of James Hodges, chairman, B. R. Stubbs, and E. E. Miller.

Literary and musical contests will provide competition for prizes in declamation, reading, choruses, and piano, with a number of tests in penmanship, spelling and such subjects for the representatives of the lower grades.

The candidates for prizes are divided into three classes, A, B, and C. The first class consists of schools which offer four years of high school work. B class includes those not offering full four years of work. The last class includes all graded schools. Track representatives of the third class schools may not weigh more than 115 pounds and not be fifteen years old.

Prizes consisting of loving cups, pennants, medals for first, second and third places, and blue, red and white ribbons will be offered for winners in different events.

This year's meet promises to exceed all others in size, bringing several hundred young people of the county to Ada for the two days.

### Rules for County Meet

The schools of the county to be divided into three classes. All high schools doing four years of high school work shall be in class A. All schools doing less than four years of high school work shall be in class B. And all graded schools shall be in class C.

No person who has passed his twenty-first birthday shall be eligible to compete in any contest.

No person shall be eligible to compete who has represented a school of a higher grade than a high school.

No person shall be eligible who has engaged in athletics for financial gain.

No person shall be eligible to take part in more than four track events.

No person shall be eligible who

has represented a school four years.

Schools may enter any number of contestants in an event, two of whom may start.

All entries must be certified by the principal or the superintendent of the school they represent.

All entries must be sent to the county superintendent ten days before the date of the meet.

The meet for the grade schools shall be held in the morning and the high school meet in the afternoon.

Each high school contestant must have entered the school they represent on or before February 1, and must have attended classes 90 percent of the time from the date of enrollment to the date of the contest. They shall have maintained up to the end of the week preceding that in which the meet is held a passing grade in studies requiring a minimum of fifteen regular high school recitations per week, exclusive of physical culture, military drill, deportment and music. No special test or recitations are to be given for the purpose of making a person eligible.

All students entering the grade school section, shall have entered the school they represent not later than the third week in January. He shall have maintained up to the end of the week preceding that in which the meet is held, a passing grade in five subjects.

No student who has passed his fifteenth birthday or weighs more than 115 pounds shall be eligible to compete in this section. Any student who has passed his fifteenth birthday or weighs more than 115 pounds shall be eligible to compete in the high school section B.

C students weigh in at 8:00 o'clock Saturday morning, certified by weigher at Education building.

Any school violating the above rules shall be suspended from the association for one year. If any doubt arises as to the eligibility of any contestant, the president of the County Teachers Association shall appoint a committee of five to investigate the contestant or school violating the rule and they shall report their findings to him.

No grade pupil shall be eligible who has not been weighed by an official of the association before entering the event.

### Amur Mines Lack Capital.

(By the Associated Press)

VLADIVOSTOK.—The government still is in search of foreign capital to work the natural riches of the Primur region, and foreigners may take up concessions on advantageous terms.

A significant fact is that there are more Japanese coming into this part than are leaving. Some American miners from Alaska also have come to Vladivostok with money and intend to take up gold mining in the Okhotsk and other districts where gold is known to exist.

## SUCCESS STARTS OFF TIGER CLAIMS

Two Victories From Edmond Strengthen Tigers for Coming Battles.

The East Central College Tigers gained their stride in the Edmond games of this week and at the dawn of one of the stiffest week's scheduled for the year were prepared to further clinch claims for state intercollegiate championship for this year.

The Tigers outplayed, outgeneralized and out hit the Edmond team in both games at the Central's diamond on Wednesday and Thursday of this week, when they staged 5-0 and 12-2 victories over the Edmond crew.

The feature of the two-game series was the pitching of Morrison, Tiger moundman, in Wednesday's game when he hurled the Tigers to victory with only one hit marked against him. Morrison struck out eleven men in the nine innings.

Ada twirlers in both games of the series proved the strong hitters. Morrison on the first game of the series claimed two hits, while Williams in the second game proved the king of swat when he poled out a homer, scoring Kelly before him.

Heavy hitting of Lucas and McCoy helped the Tigers claim their first game. Lucas and McCoy poled out three-base drives when they were needed. Thursday's game let practically the entire Ada team in for solitary hits. Williams, Ada twirler, claimed two hits during the game.

The Tigers start on a road trip Monday which will have a telling result in the claims of the local Collegians for state championship honors. Chillicothe and Oklahoma A. & M. are included on the schedule next week and will constitute the largest barrier to their claims.

The Chillicothe Indians have been looked to always as dangerous rivals and have always furnished plenty of fight for any game the locals have chosen to mix in. The Oklahoma Aggies stand out as another obstacle in the path of the Tigers. Word from the Aggie camp indicates that the Farmer squad is one that will mix fight with the Ada champions.

TOKIO.—Another Imperial precedent of Japan has gone by the boards. Prince Fujimaro Yamashina, third son of Prince Kikumaro Yamashina, has decided to enter the Imperial University at Tokyo as a student of literature. Heretofore Imperial princes by custom have entered either the military or naval service, hence Prince Yamashina is the first of the royal family to attend a university. He is a graduate of the Peer's school.

## That Robertson Case?

One little phase of the Robertson case, which gave Ada a berth among the news centers of the Southwest, still lingers after all has skipped from the dingy corridors of Pontotoc county's court building.

Blaine Gilbreath is the claimant of this little spark of interest in the state-famous case.

A sum of \$10 is his last lingering plea of dismissal from interest in the case.

Gilbreath, the veteran court reporter for Pontotoc county, maintains that the preparation for the case-made in the appeal to district court of the Robertson case is still unpaid.

Gilbreath maintained that no response has been received from his many appeals to the Okmulgee county attorney for a financial bonus.

ROMK.—The factional strife between the militant and vigorous Fascist party, which now rules Italy, and the Nationalists, the moderate organization which sought to realize its aims by parliamentary methods, has come to an end. The political purposes of both parties long have been similar; they differed only in ways of accomplishment.

An executive committee composed of six Fascist and three Nationalist, and presided over by Premier Mussolini, has been formed for the purpose of uniting the activities of the two parties.

# Special Prices

Beginning Monday, April 2nd, and extending through Monday, May 7th, we will offer a special price on all quilt and blanket cleaning.

Since the winter months are over and the warm nights are here, you will want those quilts and blankets cleaned before putting them away for the summer.

5 Blankets (double or single) \$1.00

## BIBLE THOUGHT FOR TODAY

**BELIEVEST THOU THIS?**—Jesus said unto her, I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live: and whosoever liveth and believeth in me shall never die. Believeth thou this. John 11:25.

## WHO IS EDUCATED?

Who is an educated man? is a question that has often been asked and often answered in some way. Gradually it is becoming accepted that education and service or work are closely akin. H. C. Weber, superintendent of the schools of Nashville, Tenn., summed the whole thing up admirably in an address recently:

"The command that by the sweat of thy brow shalt thou earn thy bread was not a curse but a blessing. The human being who eats bread for twenty-five years earned by another's sweat will never sweat himself. God never intended any such an arrangement. When He said, 'Go multiply and replenish the earth,' He expected a man to support himself, before he reproduced himself. Nature has set the time for human beings to begin to support themselves at the age of adolescence. Education is a life's job—it is not a commodity that can be bought and wrapped up complete. Really, you cannot in this life complete an education. It is more than a life's job, it is an eternal one. Education is not found in books. Education is only a small part of it is to be gained there. Education is not information, but the ability to use information. Education makes one do the things he has to do better. Education would do them without such training. The blacksmith who can shoe a horse so that he will not gaff himself in running around the track is better educated, even if he cannot read or write, than the college professor who reads Greek and cannot support his family."

## CAUSE OR EFFECT?

Commercial distributors of products have for several months been advertising their advertising appropriations, particularly in the West. Gradually the business has become better known until in those sections of the country not affected by the weevil conditions are getting close to normalcy.

The same condition has prevailed in the past. Great advertising campaigns have been followed by better business in the West. Wages have increased with the generally improved conditions. Farmers have been enabled to sell their produce for more.

We have often heard it said that when big advertising contracts begin to go into the mails, we know better business will result. Some have the idea that big business men know when a wave of prosperity is coming and want to ride in on it by a big advertising campaign. In other words, they believe that advertising is an effect of prosperity, when as a matter of fact the advertising campaigns are the cause of the prosperity.

Advertising can do much. It can make women wear furs in summer, men wear full-dressed suits, children wear shoes in hot weather, and girls mar their beauty with too much paint. It is a moving force that outmoves the laws of science and robs King Tut of obscurity after thirty centuries. Prosperity follows concerted action to make business better through the well established method of letting the world know.

Oklahoma will watch with interest the working of the market commission law during the next few years. Oklahoma can produce almost anything that grows outside of the tropics, but finding a profitable market is another matter. If the commission can manage this so that our producers can get better returns on their stuff it will be a long step in the right direction. There is no reason why such a department should not enable the farmers to realize many more thousands annually from their crops than they now get. Then, too, the war-relief bill ought to prove helpful.

The Tishomingo Capital-Democrat gives data on four oil wells already going down in Johnston county, besides two or three others in prospect. Coal county is also becoming a scene of activity, and with the work going on and preparing to start in Pontotoc county, it is evident the oil fraternity has an eye on this part of the state as the probable location of the next big pool to be found in Oklahoma.

The committee appointed by the legislature to probe the guaranty fund will probably have no difficulty at the outset in ascertaining that it's gone. Perhaps this committee may be able to tell us a few facts after awhile about how the banking system was run in the good old days, but that will be about as profitable to the people as finding a hole in one's pocket through which his last quarter slipped its way.

Looks like spring is here at last, so now is the time to get busy with trees, shrubbery and flowers. A few of these necessary adjuncts to a well kept home will go a long way towards making the town a more attractive place in which to live.

It seems to be difficult to determine the culprit in the sugar advance, but it is not hard to determine who got the spoils.

# Discovery Well in Bebee Section Again Threatens to Disturb Oil Speculators

Is the discovery well in the Bebee oil fields yet to be a big producer? That is the question many oil men and those who are anxious to see an oil field opened up here are asking.

For almost two years, to be exact two years next Wednesday, this well has been causing comment. It has probably been the subject of discussion more than any other single well in the state, and particularly is this true for a new well in a new territory.

The operators are now having more work done on the hole. The six-inch casing is to be lowered and set on a limestone rock. This, it is believed, will shut off what little water has been getting into the hole. The bottom then will be cleaned out and it is said well working pump equipment will be installed.

Many of those who have seen the well since work started a few days ago believe when it is put into condition it will make anywhere from 25 barrels to 250 or 300 barrels. The forecasts of probable production vary greatly, but all agree that it is a live well.

## New Well Deeper

In this same section, 32-5-5, the new well of the Carter-Lowrey interest is to be drilled deeper. This is about a quarter of a mile north-east of the discovery well. The Bebee sand, the producing sand found in the discovery at 1740 feet, was not found at all in the new well. It was missed also in the Nance well, now the Empire, directly east of the discovery.

The offset well of the Carter-Lowrey interests, in section 4-4-5, will either be drilled deeper or plugged, according to reports from the field. The six inch casing has been pulled, and the eight inch may be lowered, and attempts made to go through the debris of the shots, according to rumors from the territory. Mr. Carter is out of the city, however, and these rumors could not be confirmed.

La Salle interests have spudded in for a new well in section 31-5-5 about a mile northwest of the discovery. This will be watched with interest, as many figure the Bebee sand extends in that direction. At least, it will satisfy the minds of those interested and demonstrate whether the sand does go west and north.

J. M. Galloway of Waterloo, Iowa, has made arrangements to resume drilling on the test in section 31-3-4, three miles south and one mile west of Vianosa. This hole is 500 feet deep and has been shut down for ninety days. A. J. Walker and S. P. Smith have the contract for drilling the hole.

Reports from the Francis field are encouraging. The work on the old Benedum & Trees wells will start drilling, it is believed. It is generally considered certain that the deep test north of Francis will be made.

Just at this time the most interest is in Bebee section. Such well known drillers as Harry Hager, Sam Becker, Ed Gillette and Arthur King are busy in that field. The two Carter wells and the La Salle well are being watched closely.

Sam Becker suffered the loss of a part of one finger the last week. The injury was received while at work on one of the wells.

## Federal Highway Engineer Reports on Graveled Road

Recently an engineer of the federal highway department dropped into Ada unannounced and made an official inspection of the stretch of gravelled road from Ada leading towards Allen. A copy of his report has been received by Commissioner H. C. Stephens and the following points noted by the engineer are quite complimentary to his work. They read thus:

Roadway and shoulders satisfactory. Condition of drainage structures satisfactory. Condition of surfacing satisfactory.

The maintenance on this road is under the county commissioner in whose district it is located. The commissioner personally looks after the road and employs the necessary help to maintain same.

It is recommended that the maintenance on this road be considered satisfactory.

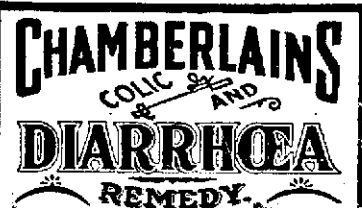

## Opportunity for Citizen Training is Offered Again

Opportunity will again be provided for a month's vacation in the summer with all expenses paid by Uncle Sam. Those who wish to take advantage of this offer can now secure application blanks from C. M. T. C. officers.

Citizens military training camps are provided by the government for the purpose of bringing together young men of all nationalities; to develop social unity; to teach the privileges and duties of American citizenship; to develop young men physically, mentally and morally.

Plenty of wholesome amusement is promised those who attend the military camps this year. Camps in this area where such training will be offered are located at Ft. Sam Houston, Texas; Ft. Sill, Oklahoma; Ft. Logan, Colorado, and Ft. Huachuca, Arizona.

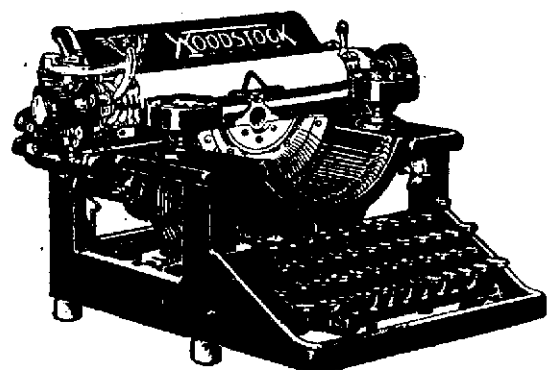

Our expenditures in the last war were sufficient to have carried on the Revolutionary War continuously for more than 1,000 years.

## Minnneapolis Hotel to Install Radios in Rooms for Guests

(By the Associated Press)  
MINNEAPOLIS, April 6.—In keeping with the rapid progress of the radio movement, it will soon be possible to "listen in" from rooms of a large hotel here, which has contracted for the connecting of each of several hundred rooms with radio plugs. The guest will not have to invest in a receiving set, as headphones may be rented for a small fee from the clerk's office.

According to the plan of engineers who have worked on the scheme for several weeks, a massive aerial and three power receiving stations will be equipped in one of the top floors of the hotel. Each room will have a radio plug connected to one of the three receiving sets. Feasibility of the plan was proved recently when more than 100 rooms listened in on one concert.

The guest who wishes radio entertainment may call the office and a set of phones will be sent to him. Once connected in the plug, the set cannot be removed until released by a hotel employee, thus insuring against theft by any unscrupulous guest. A small fee is added to the hotel bill for the use of the receiving phones.

## PUBLIC INVITED TO ENJOY PARKS

Preparations Made to Handle  
Influx of Tourists of  
Country.

(By the Associated Press)  
WASHINGTON, April 6.—Preparations to handle a million and a half visitors in the national parks this year have been made by the national park service.

Public camp grounds for the motor camper are being extended; hotels and permanent camps are increasing facilities for handling visitors, and the transportation lines are adding much new equipment. In announcing the opening and closing dates for the parks, Secretary Work of the Interior Department sends the following invitation to the American people.

"With a lavish hand nature has moulded throughout our land the most magnificent and awe-inspiring scenery, surpassing in beauty and grandeur that offered by any foreign country. These spots—our national parks—have been set aside by the American government to be maintained untouched by the inroads of civilization so that you and your children may enjoy them.

"Roads have been built through deep-cut canyons, across towering mountain ranges, beside rippling streams filled with fighting trout, and into primal forests. Hotels and camps have been erected to provide comfortable accommodations in the most distant and inaccessible places. Free camp grounds have been provided for those who wish to bring their own equipment and camp out. These unspoiled bits of Native America are for you. They are the playgrounds and the recreation parks of the people. To visit them and see them is to inspire pride and make more real your love for America. In the name of the Government I invite you to be its guest."

The opening and closing dates of the park seasons are:

Park	Opening Date	Closing Date
Crater Lake, Ore.	July 1, Sept. 30	
Gen. Grant, Cal.	May 24, Oct. 10	
Glacier, Mont.	June 15, Sept. 15	
Grand Can. Ariz.	Open all the year	
Hawaii, H. I.	Open all the year	
Hot Springs, Ark.	Open all the year	
Lafayette, Me.	Open all the year	
Lassen Volcanic	June 1, Sept. 15	
Mesa Verde, Col.	May 15, Nov. 1	
Mt. McKinley, Al.	July 1, Sept. 1	
Mr. Rainier, Wash.	June 15, Sept. 15	
Platt, Okla.	Open all the year	
Mokey Mt., Col.	Open all the year	
Sequoia, Cal.	May 24, Oct. 10	
Sully's Hill, N. D.	June 1, Sept. 30	
Wind Cave, S. D.	June 1, Sept. 30	
Yellowstone, Wyo.	June 20, Sept. 20	
Yosemite, Cal.	Open all the year	
Zion, Utah	May 15, Oct. 15	

Planting and restocking of waters in national parks promise one of the biggest fishing years on record according to department officials. The streams and lakes are expected to be teeming with trout and other game fish when the season opens, and parks are thrown open to anglers.

We ought to attempt no more than what is in the compass of our genius, and according to our vein.

## Boy Scout News

That was some party sure enough that the members of troops No. 4 and 5 were given by Mrs. W. F. Brown, 631 East Thirteenth last Saturday night. We have never found out whether it was in honor of Leon's birth day or not. Leon never said for he feared the many loving strokes which his brother Scouts would apply to him and so he was very silent if it was or not. Every scout, however, who was present and there were 20 of them enjoyed every moment of the time and when the ice cream and cake were served acted as though the good old summer time was present. Mrs. Brown invited some guests to this party to entertain the scouts. They were Misses Verda Mount, Leota Brown, Ava Saunders, Nena and Eva Mae Bullock, Maurine Hill, Lady Percy Shaw, Nell Chapman, Justine Bolton, Mattie McNew, Emily Anderson, Eva and Ila Elliott, La Ruth Cassidy, Marguerite Jenkins, Doris Davis and Mrs. Roy Meek. Twenty scouts were present.

Troops 4 and 5 have regular patrol leaders meetings which are a great help to the scouts. These troops have decided that only those scouts can go on the big summer camping trip who attend at least two scout meetings per month and who pass ten tests between now and the August 1. If they become an Eagle scout they also may go. Roy Meek is sure doing a piece of fine work with this troop, and he deserves the support of all the parents of the boys.

Allen scouts have the best scout troop, we have seen for many a day. This troop gave a wonderful demonstration of scouting before a big audience last Tuesday night. They also put on a fine picture show entitled "The Call" which was well received. About 53 merit badges were awarded to Scouts: Clovis Reid, Chester Smith, Austin Kidwell, Forney Hutchinson, Dennis Kidwell. Wednesday morning the scout executive went with Mr. John Pegg and we raised enough money to put the finances in better shape. Mr. Josse Sipes, scoutmaster and Mr. L. M. Morris are doing a great deal more for these boys than a great many parents of the Allen boys realize.

Francis scouts are on the upward trend again. They have been having some fine meetings lately. Rev. J. H. Schlapbach, the scoutmaster and the scout executive succeeded in raising money from several men in Francis to put over a scholarship prize, a physical examination contest, and a Life of Christ contest. The Korner cash grocery gave all the money to take care of the prizes for the physical examination contest. The Francis National bank through Mr. G. R. Rose, gave enough to take care of the prizes for the Life of Christ examination contest. Messrs. Payne, Baker, Arce and Powell of the Frisco Grocery took care of the scholarship prizes. We are very grateful to those men for what they have done. Dr. Richey of Francis gave the scouts a fine talk on first aid. Many men were present at this meeting.

When Rookie John Paul McKinley hurled that piece of banana peel at Alvin Greer there was a rough house sure enough for a few minutes at the Boy Scout Lodge Friday night. Jack Conn was sleeping sound too until a piece of bread from the right hand of Fenton Herron came his way. "Who has my cocoa?" was the slogan of Geo. Kitchell and Stanley Dean. Troops 7 and 9 boys had a great time at the Lodge and the new cots furnished by the Shriners afforded us all a fine rest after all the fun had quieted down for a while. Troops 3, 10 and 1 had their regular meetings.

All scouts be on the watch for something extra next week.

## BRITISH EXPORTS ON RISE; IMPORTS DROP

(By the Associated Press)  
LONDON. — Complete British trade returns for 1922 show substantial improvement in export trade but a decrease in imports. Exports were valued at 17,000,000 pounds sterling more than in 1921, while imports were \$1,500,000 pounds less.

During the month of December exports of coal were high, amounting to nearly 6,000,000 tons. Shipments to the United States were 175,845 tons as compared with 300,527 tons in November. It is stated that representatives of American coal firms are now in Great Britain arranging for fairly heavy shipments of coal during the next few months.

A further decline occurred in the cost of living in December. On January 1, the index figure was approximately 78 percent over the pre-war standard, as against 80 percent on December 1. There was a fall of 1 point during the entire year.

Great Britain had 933,308 licensed motor vehicles at the end of 1922, including 293,740 private cars. Motor cars contributed 5,000,000 pounds to road taxation. It is estimated that between 50,000 and 60,000 cars excluding commercial motor vehicles, were sold in Great Britain during 1922. About 35,000 of this number were made in England.

Unemployment returns show another increase. On January 22, 1,438,800 persons were registered as wholly unemployed, as against 1,359,100 on December 18. The January figure is less by 384,930 than a year ago.

Sixty-three million dollars is spent monthly in the United States for amusements.

## FAMILY CHURCH PARTIES AGAIN

Minneapolis Rector Finds That Abolishing of Sunday School Helps.

(By the Associated Press)

CHICAGO, April 7.—How the family automobile may become to the city church now what the family farm wagon has always been to the rural worshipper, is being worked out at St. Mark's church, a downtown Episcopal parish in Minneapolis, the Rev. Phillips E. Osgood, rector of the parish, told the church club of Chicago in an address here today.

The Sunday school as a separate institution has been abolished in his church, Dr. Osgood said, and the parent and children are brought together for morning worship. Five months' trial has convinced him that the plan is a success.

When parents and children assemble at 11 o'clock in the church, the regular service of morning prayer is conducted with some slight modifications to suit the changed program. A five minutes sermon for the children is then delivered, followed by the offertory, and then while a hymn is being sung the children retire to the parish house where they have 30 minutes of class instruction. Meanwhile the regular sermon is preached for the edification of their elders.

When the regular service is ended, the children are waiting for their parents, the family automobile is loaded, or the family group proceeds to street cars, and all return home ready for Sunday dinner.

"The chief object of this plan is to restore the family pew to its traditional position," continued Mr. Osgood. "We found that because of our situation on the edge of the downtown district, many of our parish children were not attending church. But the difficulty was not so much that the children were going elsewhere for instruction, as that the family unity in worship was shattered, or that ultimately we lost the entire family because parents so naturally follow their children."

"The great fault of the traditional Sunday school was that it did not train children in church going. It could no more do this than a blackboard diagram could teach a person to swim. The only way to teach church going is by going to church. The only way to learn how to swim is to get into the water and swim."

Mr. Osgood said the attendance of the children had been increased 30 percent in the five months and that the regular attendance of parents at services had been well

ahead of the same period for preceding years.

"The presence of the children has vitalized the service," he added. "Formerly we were a rather staid downtown congregation, but that condition has changed."

The plan has been supplemented by activities for the children starting at 10 a. m. so that parents who desire may attend adult bible classes assembling at that hour.

While the bible classes are in session, children who care to do so may occupy themselves with modeling, map-making, extemporaneous dramatization of Biblical stories, and similar activities under the supervision of an instructor.

## Argentina Still Has Cold Shoulder for League Nations

(By the Associated Press)

BUENOS AIRES, Feb. 5.—The administration of President de Alvear will follow that of President Yrigoyen in respect to keeping Argentina aloof from the League of Nations. Argentina withdrew in 1920 because of the refusal of the assembly to consider amendments to the covenant voluntarily incorporating all nations as members.

In a statement published in La Nacion Foreign Minister Gallardo says:

"Our attitude toward the League of Nations will undergo no modification whatever for the time being. This government fully concurs with the Argentine thesis expounded at Geneva by the ex-foreign minister, Doctor Honorio Pueyrredon, and it is moreover, ready to uphold it, for it considers that the League, to be a reality should include all countries and have a democratic organization with no distinction between large and small powers."

"It may well happen yet that the Argentine thesis will be adopted in practice by the incorporation in the pact of the United States, Germany, Mexico, Australia, etc. Then there would be no reason for an attitude of aloofness, which would be without explanation, justification, nor any real motive."

A few years ago the corn root borer pest came to New York state in a shipment of broom-corn from Austria.

## ANOTHER STORE ADDED TO GROWING COMBINE

Another store has been added in the Scheinberg-Quicksilver corporation, according to a telegram from the central office at St. Louis Saturday.

Electra, Texas adds the latest store to the fast growing concern, which received its origin from the Model Clothiers of Ada.

The Electra, Texas store makes the seventh in the string of stores, others being at Ada, Henryetta, Okemah, Brokenridge, Wichita Falls, Tulsa.

The management of the new store has not been announced at the present time but it will be under the supervision of the Wichita Falls district manager.

The further increase of the Scheinberg-Quicksilver interests have made district management a necessity.

According to Harry Scheinberg, manager of the Model, the deal has been pending for some time.

### RAINFALL IN MARCH

BELOW 1922 RECORD  
According to Prof. E. A. MacMillan's report, rainfall for March was 1.64 inches, compared with 3.85 for the corresponding month of 1922. For the three months of the present year it was 5.70 inches as compared with 6.42 for the same period of last year.

During the month there were 23 clear days, 5 partly cloudy and three cloudy.

Maximum temperature 77; minimum 11, which was the coldest of the winter.

## CHURCHES

**Presbyterian Senior C. E.**  
Topic—The Lord's Day.  
Business.  
Song service.  
Scripture—Isa. 58:8-14; Ps. 118:24.

Special number.

1. Why is one's use of the Lord's Day important?—Thelma Roberts.

**St. Luke's Protestant Episcopal**

The Rev. Charles L. Widney, minister in charge.

Holy Communion at 11 a. m.

First and third Sundays, at 8 a. m.

fourth and fifth Sundays.

The First Sunday after Easter.

Holy Communion at 8 a. m.

Church school at 9:45 a. m. The Lenten Offering made last Sunday amounted to \$88.00 or \$2.44 for each contributor.

Morning Prayer and sermon at 11 a. m.

Tomorrow is the Feast of the Annunciation of the Blessed Virgin Mary but because of the absence of the minister there will be no service. The Epistle is found in Isaiah 7:10-15; The Gospel in St. Luke 1:26-38.

The Church committee will meet immediately after the service today.

At 2:30 this afternoon the teachers of the church school will meet at the Church for an hour's session.

Mrs. Manville, as custodian of the United Offering of the Women's Auxiliary announces that only one box has been turned in to her although every woman of the church is expected to contribute.

This offering goes exclusively to the support of women workers in the missionary fields at home and abroad and also pays for the training of nurses and other workers thus sent out. Such work should receive the hearty support of all.

Evening service at 8 o'clock. The sermon topic will be "Killed but

\* W. B. M. S.

The Women's Baptist Missionary Society will meet in circles next Monday afternoon at 3 o'clock.

At the following places:

Circle No. 1, Mrs. Hall S. Belmont.

Circle No. 2, Mrs. J. E. Hickman.

Circle No. 3, Mrs. E. K. Smith.

Circle No. 4, Mrs. Leonard Braley.

Circle No. 5, Mrs. S. Mount.

Circle No. 6, Mrs. A. H. Davis.

Circle No. 7, Mrs. John Skinner.

Circle No. 8, Mrs. J. E. Harris.

Mission circle meets on Thursday at 3 p. m. with Mrs. Goforth.

There will be a call meeting of all chairmen with the ways and means committee on Sunday a. m. at 10:45 in Mrs. Hickman's Sunday school room. Be there promptly.

Important business.

Mrs. Harry E. Deering, Pres.

**First Baptist Church.**

The Sunday school at the First Baptist church meets at 9:45 this morning. We had a total attendance last Sunday of 511 but today we want six hundred present this Sunday. Classes for all ages at the church. The Men's Bible Class will meet at the McSwain theatre at 9:45. All men cordially invited to attend.

At the eleven o'clock hour Mr. Longfellow will direct the music. We will have as our guests at this service the girls who belong to the Order of the Rainbow and special seats will be reserved for them. The pastor will preach on the subject, "The Message of the Rainbow."

The Sunbeams will meet at three o'clock with Mrs. W. W. O'Neal in charge.

The B. Y. P. U. will all meet at 6:45 and all the young people are cordially invited and urged to be present.

The evening service will begin at 7:45 and the general public is invited to attend. The pastor will preach on the subject, "The Secrets of men's hearts." The sermon will be evangelistic and unsaved people will be urged to accept Christ Jesus the Savior.

The ordinance of baptism will be administered at the close of the evening service. Those who are awaiting baptism are urged to come prepared for the ordinance.

CLYDE CALHOUN MORRIS, Pastor.

**First Methodist Church.**

Sunday school at 9:45. Prof. R. S. Newcomb, Supt.

Preaching at 11 a. m. and 7:30 p. m. by Dr. Theodore Copeland.

Dr. Copeland has been preaching all the week and will continue preaching every night all next week conducting the revival. Bro. Bledsoe is directing the choir which is getting better every day. Interest in the revival is growing all the time and large results are hoped for. Our people have nothing but words of praise for the work these good men are doing in the meeting. Those who are not coming and taking part in these meetings are missing more than they realize. I want to urge all our people to rally to the interest of the meeting for the next week as they have never done before.

Epworth League meets at 6:30. Young people meet at 6:20. Everybody welcome.

J. H. BALL, Pastor.

## MAIN STREET

—BY—  
V. L. E.

She Is Peeved  
A soft light falls  
On tinted walls,  
Incense is in the air.  
The music thrills,  
And Jazz then fills,  
The building everywhere.

I sit with him  
Where all is dim,  
Far from the merry dance,  
I watch his face,  
And listen—in a trance.

Although I know  
That he will go  
And say the same things o'er  
To other girls  
With bobbing curls—  
I fall for him the more,  
Gee!

That makes me sore!  
(Old Settler)

And we thought that Spring had arrived!

Our landlady thought so too, for she served tea for dinner.

And here it is cold again.

And it's always on Sunday that this happens.

And on Sunday we have evangelists with us.

The profane public is simply being tested.

We have observed that the bloom of youth blooms on varied spots on varied maiden's countenances.

The flappiest flapper in tender teens permits it to bloom in tiny spots to help the ala-natural color.

The prim, maid of marriageable age smears in regular lines with due discretion.

The desperate spinster just dobs and dobs and dobs.

The presidential tour to the west has been called off.

Harding may not seek to be the high executive of our United States.

The president's Tranquil mind is being taxed.

Anxious subordinates are trying to soothe him.

Laddie Boy may be kicked from the White House.

A special session of congress may be called.

And haven't you heard neighbor?

Why man—the caddies are on a strike.

Brazil is finding a great demand for its snake bite serum.

Conqueror!

Vocal Solo "The Day is Ended."

Barlett—Mrs. Johnson.

Choir practice Monday evening at 7:30.

## The Art of Making Hosiery wear as well as it looks

LOTS of women would feel happier about elegance in hosiery if they could only be sure of its durability.

Two dollars' worth of looks with only a dollar's worth of wear goes against the average woman's conscience.

After such experiences, many of these women have tried Allen A Hosiery.

The recommendation that Allen A Hosiery has everywhere is for style that wears. This is a good reputation to have, and it took years to get.

The beauty of Allen A Hosiery satisfies the eye, and the sense of thrift is satisfied in the long lasting quality.

These are modest claims as many a woman will tell you.
